## External Fees

External Fees represent cash transactions for goods and services provided by units within OSU to non-OSU businesses, organizations, and individuals. These fees are subject to an annual public review process. It is University policy, as well as sound fiscal policy, that External Fees fully recover the costs (including administrative) associated with providing the goods or services.

Unit Department 

## R/V Pacific Storm

## 15814: Technical Services

Technical services that include, but are not limited to, vessel engineering or modifications, consulting, voyage planning, expediting for scientific team, receiving and storing field gear, using forklift to off load and store scientific equipment, science support for assistance in deployment/recovery of gear, or installing user supplied equipment.. Such services are not considered as routine and therefore are not included in the Pacific Storm usage fees. Regular rate is \$80/hr, overtime rate is \$112/hr.
